

Item-#: Leicht-Pferdepauken

Detailed information can be found at www.lefima.de

Especially with horses timpani weight plays quite an important role. Our specially alloyed aluminum bowl have great assertiveness, but weigh just half of their copper counterparts. For the horse, this means maximum freedom of movement and is even only lightly loaded when traveling long distances.

Besondere Kunststoffelle bieten einen naturfällähnlichen Klang und Naturfelloptik; sie sind gleichzeitig äußerst witterungsbeständig.

Design features
