Our CarboStroke Kid's give the children super power !

The carbon fiber technology allows the production of incredibly light instruments. The extremely low weight makes larger dimensions for kids drums possible. The result is bass drums with a giant sound volume and a bass sound that can easily compete with conventional adult instruments.

Design features

Mega-light built waterproof bonded plywood shell and mega-light rims with integrated edge protector on the batter side, sunk-in tension screws (stainless), carbon fiber lugs, 2 ring mufflers, 4 carrying loops (stainless), tuning key
